“We are pleased with our experience as owners of two condos with Oceana Resorts. The reservation and financial reporting systems in the rental program are timely and accurate. The staff is very courteous, friendly and helpful, particularly Homeowner Services. We thoroughly enjoy the many amenities offered by our resort, including quick access to the beach and a variety of pools and restaurants. The cleanliness and maintenance of our units have consistently met our expectations. We are close to restaurants, shopping, golf courses, and entertainment venues, and just about everything you would desire at a family beach resort.”

Caring for Your Property

Here at Oceana Resorts we care for each vacation rental property as if it were our own, ensuring that your home is ready to welcome you or your guests for a memorable stay, anytime.

Our on-site front desk personnel provide the friendly face and personal customer service that guests are looking for. Not only do they handle the check-in and check-out process, but they are also available to answer guest calls and questions about the local area.

Housekeeping & Maintenance

Our experienced and long standing staff operate on-site so we are able to perform daily unit inspections and address housekeeping requests 24/7. After you or a guest completes a stay, our housekeeping team ensures the cleanliness of each unit. We inspect the vacation rental in detail to ensure that our high standards are met. We can also offer specialized housekeeping services such as carpet cleaning, upholstery and drapery cleaning, and even deep cleaning, on an annual basis.

For issues that require more than a fresh pillow or a new set of sheets, Oceana Resorts has a highly trained crew of more than 20 maintenance workers that keep our resorts operating smoothly. Landscaping, painting, and pool maintenance is performed daily, and emergency repairs are handled 24/7. A detailed record of work performed in every vacation rental property is maintained with billable items provided to the homeowner on a monthly basis.

“My wife and I purchased an oceanfront condo unit in July 2012. When we met with the Oceana Resorts® Homeowner Representative and her assistant, they were in the middle of a major move into an alternate office and had their hands full with summer traffic. Even still, my wife and I were both impressed and very well satisfied with the time, effort and care we received to answer our questions and concerns. Every detail of how things worked and what we could expect were explained and all questions answered. It was the most important factor affecting our decision. Lots of nice condos out there, and a few cheaper condos out there, but when it comes to real communication that will have a bearing on how your problems are dealt with, I have no reservation in saying that Oceana Resorts exceeded our expectations.”
